BUSINESS IN UKRAINE

Edited by senior lecturer of Odessa Institute of Entrepreneurship and Law Lebedev V.P., expert-consultant of the LF “International Law Offices” (Ser.: Business in Ukraine).

In the present edition the articles of the International Law Offices authors have been collected written since 2006 till 2008 and published in various Ukrainian and foreign publications. As to the contents the articles have gathered to reflect the actual state of affairs to open business in Ukraine for foreign companies. The articles are dedicated to matters connected with business establishing, as well as business activity. These articles contain answers to the questions that can rise in any business activity, for example, tax issues. Moreover, there are investigated individual types of business, such as container business and shipbuilding. The present brochure plays a role of a guide or manual for legal entities intending to open and do their own business in Ukraine.
